

NYLON BRUSH SEALS

Description

Aluminium extrusion with a nylon brush seal. The nylon brush seal is rated as UL94-V2 and is suitable for use as ember protection and sealing garage doors as per AS3959.

Key Benefits

Easy to install onto new or existing doors.

Lengths

Comes in lengths of 2.5 m but can be cut and joined to suit any sized door.

Fixing Method

Self-drilling screws

Finishes

Anodised aluminium with black brush filaments.
